

MINT

BLACK EDITION

new product guide 2016

REVEAL YOUR DARK SIDE

MINT Black Edition 2015 embraces the sculptural lightness, strong proportions and charismatic silhouette that has always been our company's signature. We have added black stained finish to our ash wood selection to give an elegant new look to both modern and classical interiors.

The Black Edition is an exquisite example of furniture that is smooth and velvety to touch by still keeping its natural wooden grain perfectly visible. Every element in this collection is handmade by professional craftsmen who polish and prepare wood, then apply naturally stained oil into the surface to make it water resistant and ready for our clients to use.

Our latest products all serve as comfortable dining or bar elements. MINT cabinets and chairs compliment each other and bring aesthetics and geometry to any contemporary interior.

Black is not a trend - it is an eternal statement of style. For over seven years our company has produced sustainable, quality designs made from the best materials. Black Edition is a great new addition that we are sure will please both our old and new admirers.

MATERIALS

M1105
EMMA chair

RRP excl. VAT
313 €

The "EMMA" chair is a comfortable armchair with chamfered accents in traditional MINT style. EMMA chair was inspired by the designer's childhood memories of his grandmother who raised four children alone after her husband was deported during World War II, and it shows strength, independence and character.

M1104

GHOST-W double chair

RRP excl. VAT
390,00 €

The "GHOST-W" chair is the contemporary MINT version of the 18th century "Love Seat" for two. People sit facing in opposite directions and they can choose to engage or stay distant. It is an ideal seating accessory for public areas like art galleries and shoe stores.

M1103 GHOST high stool

RRP excl. VAT
255,00 €

The "Ghost" high stool is a perfect example of simple and minimalistic design. This enchanting bar stool is a version of the original MINT classic "Ghost" chair with lower back support and a wide seat for even more comfort.

Cabinet small with low depth drawers is the ultimate compact storage for your entrance hall. It is a practical and compact piece for storing everyday items like keys, letters and notes.

M1126

CABINET SMALL, low version

RRP excl. VAT
520,00 €

M1106

CABINET SMALL, high version

By applying black shade to our collection we have changed both the look and the overall MINT charisma. Black furniture is conceptually and visually strong and dominant, and it won't go unnoticed. Artists have always played with black and the message behind it, but whereas in the past black was shrouded in mystery and magic, today it stands for sophistication, glamour and luxury.
